

ZERO TO SNOWFLAKE

IN 90 MINUTES OR LESS

SNOWFLAKE SOLUTION ENGINEERING

YOU WILL NEED

- Self Service Account with ACCOUNT ADMIN role
- Downloads https://github.com/jshull-sfc/zero_to_snowflake
Hands-On Lab Guide for Zero to Snowflake.pdf
lab_scripts_InpersonZTS.sql

AGENDA

- Snowflake Introduction
- Hands-on Lab
 - > Prepare lab environment
 - > Snowflake UI
 - > Create a database, table, external stage, file format
 - > Resize, create, and use warehouse
 - > Multi-clustering
 - > Run queries, results cache, zero-copy cloning
- Q&A

WHAT WE ACCOMPLISHED TODAY

- Navigating the UI
- Creating databases, tables, views, data warehouses, and clones
- Loading & querying structured and semi-structured data
- Multi-clustering and workload isolation
- Undoing user errors
- Role based access control

THANK YOU!
